

SOLUTIONS FOR MICROSOFT® UNIFIED COMMUNICATIONS

The right headset can make your Microsoft UC solution complete by providing hands-free communication, enabling clearer calls, and connecting team members – here and around the world.

Plantronics UC products are optimised to seamlessly integrate with Office Communicator 2007. They deliver the best audio quality and usability for all work settings while giving you the ability to answer or end the call directly from the headset or device. Plantronics UC headsets and phones let you communicate and collaborate with anyone, in any location.
